

db/sql\_create.cpp

```
graph TD; A[db/sql_create.cpp] --> B[iostream]; A --> C[sqlite3.h];
```

The diagram illustrates a dependency structure. At the top is a dark gray box labeled 'db/sql\_create.cpp'. Two blue arrows originate from the bottom of this box and point downwards to two separate light gray boxes. The left box is labeled 'iostream' and the right box is labeled 'sqlite3.h'. This indicates that the 'db/sql\_create.cpp' file depends on both the 'iostream' header and the 'sqlite3.h' header.

iostream

sqlite3.h
