

db/sql\_create.cpp

```
graph TD; A[db/sql_create.cpp] --> B[iostream]; A --> C[sqlite3.h];
```

The diagram illustrates a dependency structure. At the top, a dark gray box contains the text 'db/sql\_create.cpp'. Two blue arrows originate from the bottom of this box and point downwards to two separate light gray boxes. The left box contains the text 'iostream' and the right box contains the text 'sqlite3.h'. This indicates that the file 'db/sql\_create.cpp' depends on both 'iostream' and 'sqlite3.h'.

iostream

sqlite3.h
